SKILLS

Technical Skills: HTML5, CSS3, JavaScript, React, Git, Firebase, GitHub, Node.js, Express.js, MongoDB, Redux

Soft Skills: Effective Communication, Adaptability, Problem Solving, Creativity

PROJECTS

Memetic | *Technology Usage React Frontend Framework Vite Fast bundler and dev server
Firebase Authentication & Realtime Database Cloudinary image storage Konva.js Canvas-based
meme editing react-konva React bindings for Konva.js*

- 🔗 Deployed Link : <https://memeticsite.netlify.app>
- 🔗 Github Repo : <https://github.com/Imanasmeman/memetic>
- Developed a full-stack web application for meme creation and sharing using React, Vite, and Firebase.
- Implemented user authentication and session management with Firebase Authentication and local storage.
- Built an interactive meme editor with Konva.js, enabling users to add, style, and transform text overlays on images.
- Integrated Firebase Realtime Database for storing meme data and supported image uploads via Cloudinary.
- Ensured responsive design for seamless user experience across desktop and mobile devices.

Flipkart Clone | *HTML, CSS, JavaScript, GitHub*

- 🔗 Deployed Link : <https://dashing-croissant-95ea94.netlify.app/>
- 🔗 Github Repo : <https://github.com/Imanasmeman/CodeMaster/tree/master>
- Developed a responsive Flipkart Clone with core features such as product listing and user authentication using HTML, CSS, and JavaScript.
- Utilized Firebase Realtime Database to fetch and display product data on the platform.
- Contributed to the project's version control using GitHub and deployment on Netlify for live viewing.
- Implemented search and sort functionalities for products on the landing and product pages to enhance user experience.

CivicRoute - Web App for Civic Issues | *React.js, Firebase, GitHub*

- 🔗 Deployed Link : <https://civicroute.netlify.app/>
- 🔗 Github Repo : https://github.com/Sneha-Nahak/Civic_Route_Website
- Collaborated in developing CivicRoutes, a civic issue reporting platform using ReactJS for enhanced user experience.
- Contributed to enabling users to upload issues with multimedia content and locations, fostering community engagement and problem-solving.

- Participated in implementing a dashboard feature for both citizens and authorities, streamlining issue management and resolution processes.
- Utilized React.js, Firebase, and GitHub technologies to build a dynamic and responsive platform for efficient issue reporting and tracking.
